

# Program

## 16<sup>th</sup> BRONCHOSCOPY SCHOOL GOLNIK

Sunday, 29<sup>th</sup> Sept, 2013

8.30 - 9.00 Registration

### 09.00 - 12.00 Lectures

09.00 – 09.10	N. Triller	<i>Opening</i>
09.10 - 09.30	A. Rozman	Bronchoscopy unit – essential equipment and personnel
09.30 – 09.50	V. Nisević	Sedation in flexible bronchoscopy
09.50 – 10.10	M. Marc Malovrh	Traditional TBNA: histology and cytology
10.10 – 10.30	A. Rozman	Transbronchial and trans-oesophageal ultrasound guided needle aspiration of mediastinal lesions

10.30 – 10.50 **Coffee break**

10.50 – 11.10	N. Triller	Techniques for diagnosing peripheral pulmonary lesion
11.10 – 11.30	B. Mehić	Endobronchial electrocautery
11.30 – 11.50	J. Hetzel	Cryotherapy as diagnostic and therapeutic procedure
11.50 – 12.10	G. Stojanović	Endobronchial brachithery
12.10- 12-30	N. Chalfe	The use of laser in bronchoscopy

12.30-13.20 **Lunch**

13.20 *Group photo in the park*

### 13.30 – 17.00 Workshops

Room 1.	N. Chalfe, M. Marc	Traditional TBNA (cytology and histology needles)
Room 2.	A. Rozman, J. Sitar	EBUS TBNA
Room 3	J. Hetzel, K. Mohorčič	Endobronchial cryotherapy/cryobiopsy
Room 4	B. Mehić, N. Triller	Electrocautery and APC
Room 5	K. Osolnik; L. Camlek	Different biopsy techniques

	13.30-14.00	14.00-14.30	14.30-15.00	Coffee break	15.30-16.00	16.30-17.00
Group 1	Traditional TBNA	Different biopsy techniques	Electrocautery/APC		Cryotherapy	EBUS TBNA
Group 2	EBUS TBNA	Traditional TBNA	Different biopsy techniques		Electrocautery/APC	Cryotherapy
Group 3	Cryotherapy	EBUS TBNA	Traditional TBNA		Different biopsy techniques	Electrocautery/APC
Group 4	Electrocautery/APC	Cryotherapy	EBUS TBNA		Traditional TBNA	Different biopsy techniques
Group 5	Different biopsy techniques	Electrocautery/APC	Cryotherapy		EBUS TBNA	Traditional TBNA

19.00

**Dinner**

## Monday, 30<sup>th</sup> September 2013

### 09.00 - 13.00 – Lectures

---

09.00 - 09.20	I. Kern	Precise tissue diagnoses for personalized treatment in lung cancer
09.20 – 09.40	V. Tomič	Infection control in bronchoscopy units
09:40 – 10.00	K. Osolnik	The role of bronchoscopy in interstitial lung diseases
10.00 – 10.20	L. Camlek	The role of bronchoscopy in intensive care units

### 10.20- 10.50 **Coffee break**

10.50 – 13.00 **Case reports- interactive session**  
Cases will be presented by colleagues from Slovenia and other participating countries as videos or power point presentations and will be discussed by participating faculties. Each presentation should not be longer than 10 minutes).

**14.00 – 14.30**     **N. Triller**                    **Summary and certificates**
