

PRECONGRESS SYMPOSIUM

MOLECULAR DIAGNOSTICS AND TARGETED THERAPY in NSCLC

Festivalna dvorana, Bled, Slovenia
Wednesday, May 14, 2014

Chairpersons: Tanja Čufer (Slovenia), Izidor Kern (Slovenia)

- 10.00-10.30** Update in targeted therapy of NSCLC
Tanja Čufer (Slovenia)
- 10.30-11.00** Molecular testing of resistance mechanisms in NSCLC
Helmut Popper (Austria)
- 11.00-11.30** Sponsored symposium Boehringer Ingelheim
Improving management of advanced NSCLC
- 2nd generation irreversible ErbB family blocker LUXlung3 and LUXlung6 clinical studies:
efficacy and patient quality of life considerations
Tanja Čufer (Slovenia)
- Triple angiokinase inhibitor therapy for advanced NSCLC in the second-line setting
Marko Jakopović (Croatia)
- 11.30-12.00** **Coffee Break**
- 12.30-12.30** Targeted therapy in Central Europe
Robert Pirker (Austria)
- 12.30-13.00** External quality assurance in molecular testing of NSCLC
Ulrike Gruber Mösenbacher (Austria)
- 13.00-13.15** Sponsored symposium Astra Zeneca
Clinical value of immunohistochemistry as an alternative method of EGFR mutation detection
Nina Turnšek Hitij (Slovenia)
- 13.15-14.30** **Lunch**

Chairpersons: Robert Pirker (Austria), Ales Ryska (Czech Republic)

- 14.30-15.00** ALK testing algorithms and Czech registry of NSCLC
Ales Ryska (Czech Republic)
- 15.00-15.30** Sponsored symposium Bioview – Abbott
Vysis FISH automation – expanding your laboratory focus
Dennis Merkle, Elad Kfir
- 15.30-16.00** Promising targeted drugs for NSCLC
Peter Beržinec (Slovakia)
- 16.00-16.30** **Coffee break**

- 16.30-17.00** Case presentations
Luka Brčić, Marko Jakopović (Croatia)
Istvan Petak (Hungary)
- 17.00-17.10** Lung cancer morphologic diagnostic guidelines – Czech experience
Ales Ryska (Czech Republic)
- 17.10-17.30** Sponsored symposium Eli Lilly
The role of histology in the treatment of advanced NSCLC
Katja Mohorčič (Slovenia)
