

PROGRAM 4th MEETING OF THREE RESPIRATORY SOCIETIES: Slovenia, Croatia, Hungary 2015

Bled, May 22-23, hotel Golf

Friday 22 May		Workshops (paralel, 45 minutes)	9:00-11:00
Matjaž Fležar		Difficult pulmonary function test results	
Aleš Rozman		Bronchology workshop	
Izidor Kern, Katarina Osolnik, Igor Požek		Interstitial lung diseases	
Lunch 12:00			
Respiratory infections	Chairs: Katarina Osolnik, Zoltán Balikó, Zinka Matković		13:00 -15:00
Katarina Osolnik		Atypical pathogens in CAP	20'
Zoltán Balikó		Highlight of CAP. Antibiotic resistance in Hungary	20'
Zinka Matković		Chronic bronchial infection in COPD	20'
Natasa Fajfar, Denise O'Sullivan, Jernej Pavsic, Jim Huggett, Mojca Milavec, Viktorija Tomic		Evaluation of the efficacy of two DNA extraction methods from sputum samples in COPD patients	10'
Desa Nastasijević Borovac, Tatjana Pejčić ¹ , Ivana Stanković, Tatjana Rađenović Petković, Biljana Vrbić, Ivanka Đorđević		The values of D-dimer in hospitalized patients with Community-acquired pneumonia according to the presence of co-morbidities	10'
Dane Luznik, Viktorija Tomic, Mitja Kosnik		The frequency of <i>Streptococcus pneumoniae</i> in three distinctive groups of patients	10'
Miklós Balázs Illés, M.B. Illés, I. Ruzsics, D. Sipos, B. Kovács, Z. Péterfi, V. Sárosi		Q-fever outbreak in Baranya County	10'
Rodman J, Praprotnik M, Mrvič T, Krivec U		Extrapulmonary manifestations of Mycoplasma pneumoniae infections: our experience in 2014	10'
Satelite symposium Bayer			15:00
Coffee Break 15:20			
Hypoventilation syndrome	Chairs: Irena Šarc, György Losonczy, Hrvoje Puretić		16:00-18:00
Irena Šarc		NIV in stable COPD	20'
Hrvoje Puretić		Obesity hypoventilation syndrome - positive airway pressure therapy	20'
András Bikov		The role of airway inflammation in the pathophysiology of obstructive sleep apnoea	20'
Kristina Zihlerl		Survival in OHS patients	10'
Lea Leonardis		Chronic respiratory failure in neuromuscular disorder	10'
Kristina Zihlerl		Central sleep apnea – to treat or not to treat	10'
Hrvoje Puretić		Reliability of the Epworth sleepiness scale and Berlin questionnaire in detecting sleep apnea patients	10'
Satelite symposium Chiesi			18:00 20'
Satelite symposium Novartis			18:20 20'
Poster session with wine and snack			18:40
Diner			20:00

Saturday 23 May

Obstructive lung diseases	Chairs: Sabina Škr gat, Attila Somfay, Davor Plavec	9:00 - 11:00
Sabina Škr gat	Biologic therapy in astma	20'
Attila Somfay	Is there paradigm shift in COPD treatment?	20'
Davor Plavec	Asthma phenotypes, endotypes and network medicine	20'
Matjaž Turel	Lung transplantation in COPD	10'
Zsolt Komlósi	Innate lymphoid cells: novel players of the immune system, and their role in airway diseases	10'
Zsuzsa Csoma	Phenotypes of severe asthma	10'
Jernej Sitar	A patient with HIV infection and severe asthma	10'
János Varga	Functional and quality of life markers in pulmonary rehabilitation	10'
Satelite symposium Glaxo		11:00 20'
Satelite symposium Boehringer	Veronika Mueller, dr. med. (Hungary): Idiopathic pulmonary fibrosis: terra incognita	20'
Ingelheim: The treatment roadmap for IPF	Katarina Osolnik, dr. med. (Slovenia): IPF therapy: Where we stand now?	
	Coffee Break	20'
Rare lung diseases	Chairs: Marjeta Terčelj, Adrien Halász, Jasna Tekavec - Trkanjec	12:00-14:00
Marjeta Terčelj	Introduction	10'
Borut Peterlin	Rare diseases in Slovenia and new diagnostic possibilities	20'
CYSTIC FIBROSIS		
Adrien Halász	Cystic fibrosis	20'
Marina Praprotnik	Treatment of early <i>Pseudomonas aeruginosa</i> infection in children with cystic fibrosis	10'
Matjaž Homšak	Shared care in children with cystic fibrosis	10'
PAH		
Barbara Salobir	Pulmonary arterial hypertension	20'
Janez Toplišek	Echocardiography as a screening tool for diagnosis of pulmonary arterial hypertension, what pulmonologists should know about that in modern era	10'
Vojka Gorjup	Right heart catheterization as a confirming tool for diagnosis of pulmonary arterial hypertension, what pulmonologists should know about that in modern era	10'
Katja Prokšelj	Eisenmenger syndrome in adults: what pulmonologists should know about that	10'
MISCELLANEOUS		
Jasna Tekavec - Trkanjec	Dendriform pulmonary ossification	20'
Tatjana Peroš-Golubičić	Smoking-related interstitial lung diseases	10'
Uroš Krivec	Interesting pediatric bronchology cases	10'

Farewell snack 14:40

Poster session (Friday 18:40)

Chairs: Sabina Škr gat, Attila Somfay, Davor Plavec	
Zoltán Rózsavölgyi, K. Ugocsai	„Asthma phenotypes“?
V.Mircevska, M.Mladenov, S.Mircevska, I.Lazarevska, I.Gjorgoski	Concentration of specific IgE in serum in childhood
Anton Lopert	Polymorphism rs9910408 in TBX21 gene is a predictor of response to inhaled corticosteroids in adult asthmatics
Jovanovska Janeva E	How combined therapy ICS/LABA plus Montelukast affects on the inflammation in patients with severe asthma
Petra Krt, Irena Šarc	Clinical practice of non-invasive ventilation use in acute exacerbations of chronic obstructive pulmonary disease with respiratory acidosis
Petrova G. ¹ , Miteva D. ¹ , Lazova S. ¹ , Andonova S ² , Zafirovski L ³ , Matovska L ⁴ , Savov A. ² , Perenovska P. ¹	ADAM33 single nucleotide polymorphisms and the asthma phenotypes in children
P.Perenovska ¹ , G.Petrova ¹ , L.Zafirovski ² , T.Strateva ³ , N.Ulevinov ¹ , L.Matovska ⁴	Investigations of broncho-alveolar lavage in children with chronic respiratory diseases
S. Lazova ¹ , Petrova G. ¹ , Matovska L ² , Rafailova Ch. ¹ , Perenovska P. ¹ , Zafirovski L ³	Small airway indices in asthmatic children
Špela Pirtovšek Štupnik	Uporaba sedacije pri bronhoskopiji
Chairs: Katarina Osolnik, Zoltán Balikó, Zinka Matković	
Ilonka Osrajnik	Young Female with Large Echinococcal Cyst in Lungs
Lj. Simonovska, M.Trajcevska, V.Mitreski, I.Simonovska	The causes of death among patients with tuberculosis
Istvan Ruzsics 2, Szabolcs Vigvari 1, Veronika Sarosi 2, Balazs Illes 2, Gabriella Kiss 3, Zsofia Verzar1	Pertusis whooping cough as a cause for collapse
David Lestan; Matjaž Turel; Miroslav Petrovec	Microbiological analysis of bronchoalveolar lavage from immunocompromised patients
Krookter Kogoj T, Osolnik K, Škr gat K, Košnik M.	Glucocorticoid-induced osteoporosis and adrenal insufficiency in 37 patients with interstitial pulmonary diseases
Jusuf Mehic	Aspiration of barium contrast

Chairs: Marjeta Terčelj, Adrien Halász, Jasna Tekavec-Trkanjec	
Barbara Salobir ¹ , Marina Praprotnik ² , Darja Kodrun ^{1, 2} , Marjeta Terčelj ¹ , Uroš Krivec ²	Successful transition of cystic fibrosis patient with low treatment compliance and frequent exacerbations of lung infections from pediatric to adult care – a case report
Majda Kočar ¹ , Barbara Salobir ² , Matevž Harlander ² , Matjaž Turel ² , Marjeta Terčelj ² , Lucija Gabršček-Parežnik ¹	Individual shared-care for a cystic fibrosis patient with frequent exacerbations of Pseudomonas aeruginosa infection – a case report
G.Petrova ¹ , S.Shopova ² , L.Zafirovski ³ , L.Matovska ⁴ , P.Perenovska ¹	Children with cystic fibrosis – psychological problems and management pattern
Matevž Harlander	Cystic fibrosis and lung transplantation in Slovenia
Darja P. Kodrun, Vesna Potočnik-Tumpaj, Alejandro Rant, Marjeta Terčelj, Barbara Salobir	Coping strategies in patients with pulmonary hypertension
Tomaž Tajnšek ¹ , Barbara Salobir ² , Marija Dolenšek ³ , Marjeta Terčelj ²	Combined pulmonary fibrosis and emphysema with pulmonary hypertension: Case presentation
Jože Pretnar ¹ , Kiril Stojanov ¹ , Marija Dolenšek ² , Tomaž Goslar ³ , Janez Toplišek ⁴ , Barbara Salobir ⁵	Pulmonary venoocclusive disease: case presentation
Barbara Salobir ¹ , Jana Ambrožič ² , Janez Toplišek ² , Marija Dolenšek ³ , Vojka Gorjup, Marjeta Terčelj ¹	Late detection of chronic thromboembolic pulmonary arterial hypertension (CTEPH): case presentation
Matevž Harlander ¹ , Barbara Salobir ¹ , Janez Toplišek ² , Vojka Gorjup ³ , Marija Dolenšek ⁴ , Marjeta Terčelj ¹ , Matjaž Turel ¹	Lung transplantation in severe idiopathic pulmonary arterial hypertension (iPAH): presentation of two similar cases with different outcome
Veljko Flego ¹ , Sandra Glavaš ¹ , Marina Kurpis ¹ , Nives Jonjić ² , Ljiljana Bulat-Kardum ¹	Adult multi-organ Langerhans cell histiocytosis with fatal outcome
Barbara Salobir ¹ , Matevž Harlander ¹ , Izidor Kern ² , Tanja Bavčar ³ , Marija Dolenšek ³ , Matjaž Turel ¹ , Marjeta Terčelj ¹	Pulmonary Langerhans cell histiocytosis – presentation of two consecutive patients
Sárosi Veronika MD	Langerhans cell histiocytosis and multiple malignant tumors
Marina Žakelj ¹ , Barbara Salobir, Marija Dolenšek, Tomaž Rott, Marjeta Terčelj	Sporadic pulmonary lymphangiomyomatosis – a case report
Ana Hećimović	Lymphangiomyomatosis - experience with sirolimus
Edin Jusufovic	Amiloidosis CASE REPORT
Attila Nagy, Zoltan Erdodi, Maria Szilasi	An extraordinary thoracic tumour
Nadja Pucelj Koren ¹ , Izidor Kern ² , Marjeta Terčelj ¹	Pulmonary alveolar proteinosis - a case report
Balázs Odler ¹ , Áron Cseh, Tamás Constantin, György Fekete, György Losonczy, Lilla Tamási, Kálmán Benke, Bálint Szilveszter, Veronika Müller	Effect of enzyme replacement therapy on the lung involvement in Fabry disease
Natalija Edelbaher	CVID in Female Patient with Pulmonary Granulomatosis (case report)
Marko Bombek	Drug Addict with Respiratory Insufficiency (case report)
Josipa Kokeza	Case report: Eosinophilic granulomatosis with polyangiitis associated with montelukast
Jurij Regvat	A patient with rheumatoid arthritis and obstruction in lung function
David Badovinac	Farmer's Lung with a high CD4/CD8 ratio lymphocytic alveolitis – a Case Report
Barbara Salobir ¹ , Katja Seme ² , Marjeta Terčelj ¹	Primary ciliary dyskinesia – a case report
